Oct 11, 2021 - Fun art by Dave Annis A while back, I started stumbling across images created by Dave Annis. His works are well drawn and ... completely unreadable. With the exception of a few photos that he posts on the Internet, nothing is known about his creative heritage, and I decided to rummage through the files on his work computer. What I found there not only puzzled me, but also made me nervous. I started going through the files and found a very strange series of photographs of very strange children. These kids were dressed in strange costumes, sitting in strange cars and looking at strange things.
