RA Lead Generator is an easy to use application that will enable you to find and save contact information for hundreds, even thousands of businesses. The program is also able to export the query results into one of the supported formats, namely CSV, TSV, XML and SQL for later reviewing. No one can probably tell you where the market for this product is, but the only way you would know is by asking yourself, "Where is the market for this product?" Probably the most common example I can give you is that of the average girl or boy toy here in the western world. I know many of you reading this have a teenage or college girl in your life. So let's see how we can use this information as a case study. Want to meet some women or men of interest while out and about on your travels or Want to meet some women or men of interest while out and about on your travels or nightlife?
